

OBAZEE FELIX

Full-Stack Developer (React | Node.js | MongoDB | Express)

Email: Obazeefelixadetayo@gmail.com | Phone: +2347046211756

GitHub: github.com/skrillzofficial | Portfolio: obazee-felix-portfolio.vercel.app/work

Professional Summary

Full-Stack Developer passionate about building efficient, scalable, and user-friendly web applications. Experienced in creating responsive interfaces and developing robust backend systems using modern JavaScript frameworks. Combines problem-solving skills, clean code practices, and a strong commitment to delivering impactful digital solutions.

Technical Skills

Languages & Frameworks: JavaScript (ES6+), React.js, Node.js, Express.js, HTML5, CSS3

Database: MongoDB, Mongoose

Tools & Platforms: Git, GitHub, Vercel, Postman

Development: RESTful APIs, UI/UX integration, Authentication, Responsive Design

Selected Projects

Eventry — The Future of Seamless Events

All-in-one event management platform enabling low-fee ticketing, vendor escrow, and digital-wallet tickets for cashless experiences. Built with React, Node.js, and MongoDB. (Role: Full-Stack Developer, 2025)

BetaHouse (Airbnb Clone)

Developed a scalable property booking platform with authentication, property listing management, and secure user interactions. Implemented responsive UI and backend logic. (Role: Full-Stack Developer, 2025)

URL Shortener

Built a fully functional URL shortener with analytics tracking and performance insights using Node.js and MongoDB. (Role: Front-End Developer, 2025)

E-commerce Platform for Sustainable Products

Developed backend APIs, cart functionality, and image management for a sustainability-focused online store. (Role: Full-Stack Developer, 2025)

Sentient — AI Battle Platform

Co-developed an AI simulation platform enabling users to create and observe AI agents in competitive environments. Contributed to real-time spectator and payment systems. (Role: Full-Stack Developer, 2025)

Work Experience

Basorun Ogunmola High School — Subject Teacher (Dec 2023 – Nov 2024)

Taught Agricultural Science and Animal Husbandry. Applied structured learning strategies and digital engagement tools to improve academic outcomes.

Mosonell Poultry Consult — Farm Supervisor (May 2019 – Dec 2020)

Oversaw poultry operations ensuring efficiency, data collection accuracy, and quality control — experience that strengthened project management discipline and data-driven problem-solving.

Education

B.Sc. Agriculture (Animal Science) — Obafemi Awolowo University, Ile-Ife (2023)

Thesis: Phenotypic characterization of qualitative traits in beef cattle genetic resources of Southwestern Nigeria.

Certifications

Full-Stack Web Developer (2025)

Excel Basics for Data Analysis (2023)
